Mosspark Group

Environmental Policy Statement

Mosspark Group is committed to operating and managing its activities in a professional and responsible manner with respect to the environment.

We are fully committed to respecting and protecting the environment and preventing pollution by managing our operations effectively.

Mosspark Group will:

- Comply with all relevant environmental legislation as a minimum level of performance.
- Comply with all requirements as set out in our Pollution Prevention and Control permits.
- Comply with all the requirements set out in our waste management licences, permits and exemptions.
- Make Environmental issues integral to all business processes and decision-making.
- Communicate and train employees so they are clear of the Company's and their own environmental responsibilities.
- Endeavour to continually improve our environmental performance.
- Continually review and update our operations with respect to environmental impacts.
- Actively interact with our environmental regulators with respect to our operations.
